BHP

BHP Fundraising Gala Dinner a Success

Health The Botswana Harvard Partnership (BHP) Board and management extend their heartfelt gratitude to all sponsors and attendees of the inaugural BHP Fundraising Gala Dinner, held September 13, 2024, at The Royal Aria in Tlokweng. Your generous contributions made the evening memorable and a resounding success.

This event was dedicated to raising

essential funds to support critical research, bolster laboratory infrastructure, and enhance BHP's research capabilities in addressing current and emerging public health threats. The proceeds will also strengthen efforts to train the next generation of Botswana's scientists.

We especially thank all who sponsored, attended and supported the event, looking forward to your continued involvement in our future initiatives.

Together, we can continue to empower BHP's mission of combating HIV/AIDS and other urgent public health challenges through innovative research, education, and capacity building that saves lives, impact policy and practice, while strengthening health care systems in Botswana, regionally and globally.
