

Vacancy: Study Physician (Gaborone)

Botswana Harvard Health Partnership is a collaborative research and training initiative between the government of Botswana and the Harvard School of Public Health. BHP is dedicated to fighting HIV/AIDS and related public health challenges through collaborative research, education and capacity building. Botswana Harvard Health Partnership invites professional, assertive, hands on, results driven individuals, with good interpersonal skills to apply for the following roles:

Study Physician

Job Purpose:

The incumbent will report to the Study Physician Coordinator and will be responsible for providing medical leadership in developing, coordinating and managing project teams and overseeing clinical research trial processes, such as;

- Monitoring and supervising the Tshireletso study research team.
- Providing medical and safety monitoring for clinical studies. Providing medical care to study participants.
- Consulting study participants, reviewing laboratory reports, overseeing participants' safety, and recording and reporting adverse events.
- Responsible for developing training materials and coordinating medical training on Study Protocols and Quality Assurance Standards while adhering to Medical Practice Principles and Regulatory Requirements.
- Overseeing data collection and data quality data management of the study. Maintaining accurate record management and quality data management for audits and relevant regulatory boards.
- Liaising with sponsors on research outcomes, medical issues and medical consultations.
- Providing input on the development of study protocols, operations and research procedures.
- Participating in community awareness of research protocols.

Qualifications, Competencies and Experience:

- Bachelor of Medicine and Surgery/MBChB with at least 2 years post-qualification experience.
- KITSO training or HIV/ARV related training course.
- Further experience in prevention/management and involvement in HIV clinical research will be an added advantage.

- Registration with Botswana Health Professionals Council.
- Quality Report writing.
- Interpersonal skills
- Project Management
